HBA Wake members

Being a member of the HBA strengthens our company, our culture, and our impact. The connections we've made at the HBA have led to some of the best moments in our company's history - from the Parade of Homes to Battle of the Builders, to 3 Hero Homes with Operation Coming Home. Being active in the HBA unlocks opportunities for our company and inspires us to show up as the builder we always knew we could be.

I believe great homes start with great partnerships, and the HBA is where those partnerships come to life. It's part classroom, part community, and part therapy session for anyone trying to stay sane in this business. Staying involved keeps me plugged into what our industry is really facing, so I can show up as a stronger partner, problem-solver, and leader in this industry.
